Our photoshoot session with our furbabies should be PAWsome and filled with great memories, so let's make this happen together! It is very important for you to be available during the shoot and assist me with your pets, because you know them the most and are able to communicate with them.

Please read below to understand what to expect.

Deposit & Payment: 50% of the total to be payed ahead of the photoshoot session to confirm the booking. This is a non-refundable fee that goes toward the session total. The rest of the balance is due the day of the session. The session total covers my time, talent, equipments and editing of the images.

Rescheduling: If an illness or situation prevents a photo session from taking place, we can reschedule however a notice of at least 48 to 24 hours prior to the shoot is needed to avoid penalty. If a 24 hour notice is not given, then a penalty of AED200 is applied.

In addition, in case of emergency due to illness, weather, equipment malfunction, or other circumstances beyond my control, I will communicate it to you as soon as possible so we can reschedule.

On the shoot day, please do not be late for more than 30 minutes otherwise we will have to reschedule the session.

Cancellation: In case you change your mind and you would like to cancel, please inform me at least 5 days ahead of the shoot so I can give you a total refund. If you cancel only 2 days before the shoot I return 50%. If you cancel 1 day before or on the day I cannot do any refunds, because I would have rejected other jobs to be able to do our photoshoot session.

Re-Shoots: Re-shoots are determined if none of the photos sent are up to the standards of my shooting style. Re-shoots will not be given for poor choices of clothing, make-up, hair, or by not following my recommendations before and during the shoot.

Copyright: I will be using the photos on my social media platforms, website and print work or some events when needed.

When using my photos on your social media platforms please make sure to tag @fursnpaws.dxb

Images: You will be able to review the images we took during our session and choose the ones you like the most. I will then shortlist the final images according to the package that you have booked and paid, edit them, and send them in high res JPG by link which expires in 7 days. I currently do not provide any prints, in case you decide to print please note that it is sometimes not possible to record in print the exact color as seen by the human eye. I also do not provide any original images only the edited ones.
